Bootleg Brewing Co. started brewing in 2010, housed in the Horse & Jockey pub and is currently the only brewery in Chorlton. The Horse & Jockey pub has been a staple in Chorlton since the 1800's so having a home inside such a historic pub, very much compliments our delectable range of new craft beers.

The micro-brewery was converted from the shell of the tower where the old disused brewery once stood and still remains there to this day.

As strong supporters of real ale and knowing from our own experience how important it is to keep the craft alive, we sponsor several festivals throughout the year. These include Stockport Beer Festival and our very own Chorlton Beer Festival.

Since our humble beginnings, we have now expanded our cask range with new craft beers that include: Urban Fox, Speak Easy, Fool's Gold, Twisted Groove, Black Market, Spun Gold, Back Street, our Seasonal festive beer Christmas No.1 and the new premium indie lager Spin Doctor to complement our existing product range.

CRAFT KEG

SPIN DOCTOR Remastered

Premium indie lager. Clean taste, light straw colour with the glorious aromas of Ella, an Australian hop. Ella brings light, fruity, gently herbal notes. A refreshingly different spin on lager.

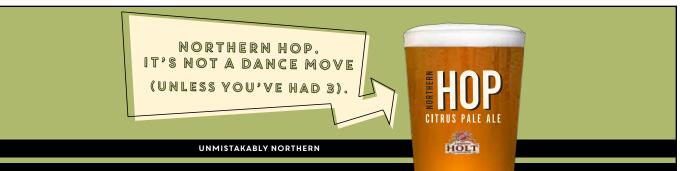

AMERICAN IPA

A crisp, smooth, pale ale, packed with juicy American hops. A big IPA with big New World flavours.

CRAFT CASK

CHORLTON Pale ale

A crisp and fruity pale ale brewed with American and New Zealand hops. A stalwart of the independent brewing scene in Manchester.

URBAN FOX

(AVAILABLE ON REQUEST)

A cunningly brewed red 'rye PA' packed with crisp hops. Crafty, charismatic and doggedly drinkable.

FOOLS GOLD

MENABREA is Italy's oldest continuously producing brewery. Located in the northern town of Biella, the family have brewed their remarkable birra using their own special recipe for over 170 years.

It's brewed with glacial water direct from the Alps, barley from the Champagne region, and floral, fruity Hallertau hops from Bavaria, then matured for 30 days in underground caves. Should you visit Biella today, you'll still find Menabrea brewing their award-winning beer on the same site,

made in the same way, by the same family, with the same ingredients, passion and care.

1 2 STEPS ON HOW TO LOOK AFTER BEER

FROM OUR HEAD BREWER, Phil Parkinson

05 Tap the cask using a clean tap

Replace hard spile with a soft spile

If conditioning is brisk or lively, replace soft every few hours

Stillage beer immediately

Allow the beer to reach cellar temperature

Clean the shive and the keystone

Vent using a hard spile within 24 hours of the beer reaching cellar temperature

Hard spile the beer, then check a sample in the cellar for clarity, aroma and taste

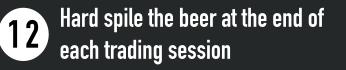

Attach a clean beer line, remove the hard spile and open the tap

1 Pull through the beer to the bar

Tilt the cask when 2/3rds full
